Dear Tejanos and Texians:

Texas Tejano.com, along with prominent State of Texas and San Antonio community leaders respectfully requests your presence at a historic announcement to launch the concept of establishing the first official Hispanic Heritage Center of Texas to be located in San Antonio. Please join us at this important event on Wednesday April 30, 2008 at 5:30 P.M. at San Fernando Cathedral’s City Centre Café on newly renovated Main Plaza. Refreshments and hors’ doeuvres will be served.

Since the founding of Texas in 1690, Tejanos have been the descendants of the first Spanish, Mexican, Anglo and indigenous families to settle the Southwestern frontier. They helped develop, build and name our first cities, ranches, roads, businesses and laws in Texas. It is time for us all to work together as new Texans to commemorate our rich history and protect this unique legacy from being lost.

This Center will aim to champion the lives of Texas’ first pioneers and accurately recapture our Hispanic heritage in Texas. A wide array of programs will be shared to help accomplish the mission and goals of the Center, while reaching out to all Texans to highlight the many contributions of our historic Hispanic community.

We are asking for a show of support at this event to insure that this Center moves forward towards fruition. An initial board of directors and corps of supporters will be recruited to embrace the creation of this first-ever Hispanic Heritage Center. We will be seeking your input on the proposed project and fielding questions. Everyone will benefit and have access to its community services and resources. All Texans will be asked to contribute to the development of the proposed Hispanic Heritage Center of Texas.

If you cannot make the event but want to participate in some manner, either by donation, board or committee service or as a volunteer, please contact us at (210) 673-3584. In conclusion, we ask for your support to help establish and contribute towards making into reality the Hispanic Heritage Center of Texas. Please join us as we add to the rich history San Antonio has brought Texas and help build upon the efforts of our forefathers. For more information and to RSVP, contact us at (210) 673-3584 or via E-mail at publications@texastejano.com.

Viva Tejano Texas!
